

Jayden Lucier DipCBST CBCC-KA

Experience

October 2015 (as volunteer, employed May 2016) - PRESENT

Animal Antics Behaviour Centre, Windsor, ON- *Dog Behaviour Consultant, Head Trainer*

- Conduct a wide variety of group classes including puppy, adult, level 2, and agility
- Consult and advise clients on dog behaviors including biting, barking, puppy manners and walking
- Organize new training plans for staff and clients
- Provide insight for improvements on dog daycare handling and assessments
- Work in daycare- monitoring dog behavior and interactions
- Recognizes escalation between dogs and prevent bites

Dog sitter and pet photography, Essex County- *self employed*

- Watch clients pets overnight
- Practice training we have previously discussed for walking, manners etc.
- Pose and capture pictures of animals for holiday photoshoots

Education

September 2012- April 2016

University of Windsor, Windsor- *Forensic Science with a specialization in Biology*

The focus of my studies were generally in the application of Forensic Science but with my biology specialization I took courses focused on Animal Behaviour and development.

January 2018- August 2018

Companion Animal Science Institute, online- *Diploma in Canine Behaviour Science and Technology (DipCBST)*

This diploma focused on the behavioral science behind training dogs and had us demonstrate our knowledge and skills through written reports and practice.

Additional courses:

- scent-work 101 through the Scentwork University 2019
